Sommario/riassunto	World events have raised pressing questions of psychology as it is practiced all over the globe. The Handbook of International Psychology chronicles the discipline of psychology as it evolves in different regions, in the hope of reducing the isolated, parochial, and ethnocentric nature of the American profession. It surveys the history, methodology, education and training, and the future of psychology in nine distinct regions across six continents. They represent long histories in the field, such as the United States and the United Kingdom, emerging practices, such as Uganda,
