Sommario/riassunto	Serbia has become one of the largest remittance-recipient countries in the world. It is estimated that in 2004 Serbia received US2.4 billion dollars in remittances from Serbian workers in Germany, the United States, Austria, Switzerland, Italy, and other countries. This amount represented 12 percent of Serbia's GDP. This report provides an overview of remittance flows from Germany to Serbia and analyzes why a large part of remittance transfers take place outside financial institutions. The study presents a series of recommendations on needed policy changes to facilitate the transfer of remitt
