Sommario/riassunto

This volume attempts to draw debates on governance, at both of these levels, into spaces of cross-border regionalism in Europe today. Embodying both supra-national and sub-national dynamics of contemporary forms of governance, cross-border regions (or euregions) enable observation of the fitful progress and contradictions of the multilevel polity that is contemporary Europe. Including case studies from throughout the EU as exemplars of specific ""border regimes"", the volume identifies the practical and theoretical importance of governing in Europe's new cross-border territories as pa
