Sommario/riassunto	How do we make culture and how does culture make us? Canadian Cultural Poesis takes a comprehensive approach toward Canadian culture from a variety of provocative perspectives. Centred on the notion of culture as social identity, it offers original essays on cultural issues of urgent concern to Canadians: gender, technology, cultural ethnicity, and regionalism. From a broad range of disciplines, contributors consider these issues in the contexts of media, individual and national identity, language, and cultural dissent. Providing an excellent introduction to current debates
