Social conditions 19th century Lingua di pubblicazione Inglese **Formato** Materiale a stampa Livello bibliografico Monografia Note generali Description based upon print version of record. Includes bibliographical references (p. 281-306) and index. Nota di bibliografia The importance of knowing Annapolis -- The research design --Nota di contenuto Landscapes of power -- The rise of popular opinion -- Time and work discipline -- From Althusser and Lukacs to Habermas: archaeology in public in Annapolis -- African America -- What do we know? What do archaeological excavations in Annapolis, Maryland, reveal Sommario/riassunto about daily life in the city's history? Considering artifacts such as ceramics, spirit bundles, printer's type, and landscapes, this engaging, generously illustrated, and original study illuminates the lives of the city's residents-walking, seeing, reading, talking, eating, and living together in freedom and in oppression for more than three hundred years. Interpreting the results of one of the most innovative projects in American archaeology, The Archaeology of Liberty in an American

Capital speaks powerfully to the struggle for liberty among African
