Sommario/riassunto	Globalization is moving fast, impacting on the life of all nations with accelerating force. In this new study Ronnie Lipschutz shows how it is

being handled by specific groups seeking positive outcomes for the people and causes they represent. Globalization, Governmentality and Global Politics details how the widespread failure of states and corporations to regulate the impact of increased globalization has given rise to non-governmental organizations and movements, aiming to influence corporations regarding social responsibilities and address key issues such as human rights
