Nota di contenuto	Contents; CHAPTER 1 No Place to Learn; CHAPTER 2 The Canadian University: From College to Knowledge Factory; CHAPTER 3 Universities in Action: A Day in the Life; CHAPTER 4 University Teaching; CHAPTER 5 Research and Reflective Inquiry: Competing Principles; CHAPTER 6 Teaching and Research at Canadian Universities: The Myth of Mutual Enrichment; CHAPTER 7 Ethics in Canadian Universities; CHAPTER 8 Universities in Business: Issues and Prospects; CHAPTER 9 Pseudo-Problems and Pseudo-Solutions; CHAPTER 10 Real Problems, Real Solutions; Notes; Bibliography; Index; A; B; C; D; E; F; G; H; I; J; K; LM; N; O; P; Q; R; S; T; U; V; W; Y
Sommario/riassunto	The Red Cross is studied and criticized. The Royal Family is studied and criticized. Churches and hospitals are studied and criticized. Canadian universities are seldom studied and criticized and are worse off for this neglect. This book seeks to repair this damage by casting a critical eye on how Canadian universities work - or fail to work. Arguing that too much emphasis is placed on specialized research and too little on teaching, No Place to Learn contends that students seeking higher education in Canada are being short-changed. In clear, non-technical language, the book explains the priorities of Canadian universities and outlines several practical reforms that would greatly improve them. If

you've never known what deans do, what tenure is, and what professors do when they're not teaching, *No Place to Learn* is a must-read: an eye-opening introduction that raises serious questions about the state of higher education in Canada. Current students, prospective students, and their parents will not want to miss this book, while professors and administrators would be wise to take note of it.
