Sommario/riassunto

In June 2003, the Convention on the Future of Europe released what may become the Constitution of the European Union. This timely volume provides one of the first critical assessments of the draft Constitution from the vantage point of political theory. The work combines detailed institutional analysis with normative political theory, bringing theoretical analysis to bear on the pressing issues of institutional design answered - or bypassed - by the draft Constitution. It addresses several themes that play out differently in federal arrangements than in unitary political orders:
