Sommario/riassunto	Marriage and Family Therapy: A Sociocognitive Approach is a comprehensive and clearly written introduction to sociocognitive therapy. It is rich with transcripts and case examples, culled from the authors'more than thirty-five years of practice, providing you with valuable background information on helping difficult-to-reach and hard-to-help populations. In practical language, this volume takes you

step-by-step through methods of assessment and change that are useful in traditional and nontraditional families and couples. With clear language and taxonomy for family troubles and their
