Note generali Nota di contenuto Cover; CONTENTS; EDITORIAL ADVISORY BOARD; Editorial; The importance in accounting of ambiguity tolerance at the national level; An analysis of current trends in accounting professional development in People's Republic of China; How do the Chinese management accountants cope with changes from a planned economy to a market economy; Accounting education in modern China: an analysis of conditions and observations; Determinants of disclosures of A-, B- and H-share companies; Note from the publisher Sommario/riassunto Chinese accounting standards and practices are continuing to adapt to international market forces as the Chinese economy opens further to foreign investment. Chinese corporations are playing an ever more significant role in the global economy and the need to understand and interpret financial information produced by these corporations presents a continuing challenge to international fund managers and investors. Many Chinese corporations are now listed on international stock exchanges and have financial reporting obligations governed by non-

Chinese regulatory authorities. The Chinese economy is
