

1. Record Nr.	UNINA9910783919303321
Titolo	The fourth International Workshop on Neutrino Oscillations and their origin [[electronic resource]] : Kanazawa, Japan, 10-14 February 2003 / / edited by Y. Suzuki ... [et al.]
Pubbl/distr/stampa	River Edge, N.J., : World Scientific, c2004
ISBN	1-281-89910-0 9786611899103 981-270-310-1
Descrizione fisica	1 online resource (497 p.)
Altri autori (Persone)	SuzukiY (Yoichiro)
Disciplina	539.7215
Soggetti	Neutrinos Oscillations
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Preface Y. Suzuki; International Advisory Committee, Scientific Program Committee and Local Organizing Committee; Contents; Session 1 Solar and Reactor Neutrinos; Session 2 Accelerated Neutrinos and Future Neutrino Oscillation Experiments; Session 3 Atmospheric Neutrinos; Session 4 Dark Matter and Double Beta Decay; Session 5 Lepton Flavor Violation, Leptogenesis and Proton Decays; Scientific Programme; List of Participants
Sommario/riassunto	The discovery of neutrino oscillations in 1998 initiated efforts to form a group to work on the detailed study of the phenomenon; this study is now supported by a grant-in-aid in the specific field of neutrinos from the Japanese Ministry of Education, Culture and Sports. The aim of this working group is to put together the efforts from various fields necessary for understanding neutrino oscillations in detail from both the experimental and the theoretical point of view. The 4th International Workshop on Neutrino Oscillations and Their Origin was held to discuss recent progress in both experime
