Sommario/riassunto

Violence in schools is a pervasive, highly emotive and, above all, global problem. Bullying and its negative social consequences are of perennial concern, while the media regularly highlights incidences of violent assault - and even murder - occurring within schools. This unique and fascinating text offers a comprehensive overview and analysis of how European nations are tackling this serious issue. Violence in Schools: The Response in Europe, brings together contributions from all EU member states and two associated states. Each chapter begins by clearly outlining the nature of th
