Sommario/riassunto	A Political and Economic Dictionary of Western Europe is an invaluable guide for those seeking clarification of terms, or a quick reference source. The range of entries is broad and encompasses the recent history and economy of each country of the region as well as political parties, geographical features, prominent individuals, international organizations and key businesses. It provides over 600 key definitions and presents an overview of the changing political dimensions of Western Europe and its relations with the European Union.
