Sommario/riassunto	This book argues for the centrality of conflict in any notion of the political. In contrast to many of the attempts to re-think the political in the wake of the collapse of traditional leftist projects, it also argues for the logical and/or ontological primacy of violence over 'peace'. The notion of the political expounded here is explicitly 'realist' and anti-

utopian - in large part because the author finds the consequences of attempting to think 'the good life' to be far more damaging than thinking 'the tolerable life'. The political is not thought of as a means to implement the goo
