Sommario/riassunto	This fascinating book comprises the autobiographical reminiscences

and reflections of Monto Ho, M.D., a Chinese-born, American physician and widely recognized infectious disease specialist. It presents a remarkable opportunity to understand his personal history, the development of his scholarly qualities, and the logic of his scientific and cultural passions. A leader in the field over the past half a century, the author was a pioneer investigator of interferon. He made major contributions to the pathogenesis of virus infections in the immunocompromised host, especially of cytomegalovirus and
