Sommario/riassunto	Suitable for students of all levels, this book provides a general description of the Korean language by highlighting important structural aspects whilst keeping technical details to a minimum. By examining the Korean language in its geographical, historical, social and cultural context the reader is able to gain a good understanding of its speakers and the environment in which it is used. The book covers a range of topics on Korean including its genetic affiliation, historical development, sound patterns, writing systems, vocabulary, grammar and discourse. The text is designed
