Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; The Justice Motive in Adolescence and Young Adulthood; Title Page; Copyright Page; Table of Contents; List of figures; List of tables; Notes on contributors; 1 Introduction; PART 1 The development of the belief in a just world; 2 Parenting and young adolescents' belief in a just world; 3 The development of the belief in a just world: the impact of being raised in a one-parent or an intact family; 4 Transmission of the belief in a just world in the family; 5 Transformation of the justice motive? Belief in a just world and its correlates in different age groups PART 2 The belief in a just world as a resource for mental health and coping in adolescence6 Belief in a just world, subjective well-being and trust of young adults; 7 Belief in a just world, personality and well-being of adolescents; 8 The implications and functions of just and unjust experiences in school; 9 Two facets of the belief in a just world and achievement behaviour at school; 10 Belief in a just world as a resource for different types of young prisoners; PART 3 Belief in a just world and career development; 11 Belief in a just world as a resource for unemployed young adults

12 Belief in a just world and young adults' ways of coping with unemployment and the job search
 13 Entering the job market: belief in a just world, fairness and well-being of graduating students;
 14 Belief in a just world and adolescents' vocational and social goals;
 15 Developmental trajectories and developmental functions of the belief in a just world: some concluding remarks;
 Index

Sommario/riassunto

This book provides a unique overview of the development of justice-related beliefs in different socialization contexts, and also of the role this plays in protecting mental health and promoting career development for adolescents and young adults. A range of European contributors bridge the conceptual gap between social and developmental psychological perspectives and use a number of original case-studies. This book provides new insights for justice psychology and adds new and important perspectives to studies on youth development.

Note generali	Title from journal information screen (viewed 10 Feb. 2001). Refereed/Peer-reviewed
Sommario/riassunto	The journal publishes, in a strictly practice-oriented manner, scientific and technical contributions, short communications, discussion and position papers as well as other information on all aspects relevant to quality and reliability in chemical measurement. The journal gives special attention to border crossing and transnational problems and to problem solving for practitioners, e.g. accreditation practice and implementation of quality assurance schemes in all laboratories involved in chemical measurement. The journal also aims at providing an information forum for the exchange of views and to foster cooperation between all national and international bodies operating in the fields of accreditation, certification, validation, quality assurance and traceability. The journal will focus on the following topics: Accreditation, Certification, EN-45000 standards, ISO 9000 series, GLP, Quality assurance, Traceability, Measurement uncertainty, Validation, Calibration, Proficiency testing, Reference materials, Definitions, and, Quantities and units.
