Descrizione fisica	1 online resource (281 p.)
Collana	Islamic Studies Series
Disciplina	320.1/2/0958
Soggetti	Geopolitics - Asia, Central Afghanistan Boundaries Iran Boundaries Pakistan Boundaries
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 219-248) and index.
Nota di contenuto	Cover; Title; Copyright; Dedication; Contents; List of illustrations; Preface; Acknowledgements; Introduction; 1 The great game and its major players; 2 Small players: the Khozeimeh family; 3 Khozeimeh foreign relations; 4 The partitioning of Khorasan and the creation of Afghanistan; 5 The partitioning of Khorasan and Baluchistan and the emergence of modern boundaries; 6 The partitioning of Sistan and the evolution of boundaries with Afghanistan; Conclusion; Notes; Bibliography; Index
Sommario/riassunto	This book deals with the 19th century Anglo-Russian Great Game played out on the territorial chessboard of eastern and north-eastern parts of the waning Persian empire. The Great Game itself has been written about extensively, but never from a Persian angle and from the point of view of the local players in that game. Looking at the territorial consequences of the Great Game for the local players is a unique approach, which deserves a special place in the studies of history, geography, politics and geopolitics of the age of modernity.

Sommario/riassunto

Guide to U.S. Environmental Policy provides the analytical connections showing readers how issues and actions are translated into public policies and persistent institutions for resolving or managing environmental conflict in the U.S. The guide highlights a complex decision-making cycle that requires the cooperation of government, business, and an informed citizenry to achieve a comprehensive approach to environmental protection.
