

1. Record Nr.	UNINA9910784122203321
Titolo	Dairy sheep nutrition // edited by G. Pulina ; technical reader of English translation R. Bencini
Pubbl/distr/stampa	Oxfordshire, OX, UK ; ; Cambridge, MA, : CABI Pub., c2004
ISBN	1-280-86611-X 9786610866113 0-85199-048-7
Descrizione fisica	1 online resource (xii, 222 pages) : illustrations
Altri autori (Persone)	BenciniRoberta PulinaGiuseppe
Disciplina	636.3/08/5
Soggetti	Ewes - Feeding and feeds Ewes - Nutrition Sheep milk Sheep - Feeding and feeds Sheep - Nutrition
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Milk production / Giuseppe Pulina and Anna Nudda -- Mathematical modelling of milk production patterns in dairy sheep / Aldo Cappio-Borlino, Nicol?o P.P. Macciotta, and Giuseppe Pulina -- Energy and protein requirements / Antonello Cannas -- Dietary intake of vitamins and minerals, and water requirements / Giovanni Annicchiarico and Luigi Taibi -- Feed intake / Marcella Avondo and Lucio Lutri -- Feeding of lactating ewes / Antonello Cannas -- Nutrition and reproduction / Salvatore Pier Giacomo Rassu ... [et al.] -- Nutrition and milk quality / Anna Nudda ... [et al.] -- Feeding dairy lambs / Paolo Brandano, Salvatore Pier Giacomo Rassu and Alfio Lanza -- Digestive disturbances and metabolic-nutritional disorders / Massimo Morgante -- Grazing management and stocking rate with particular reference to the Mediterranean environments / Giovanni Molle .. [et al.].
Sommario/riassunto	Sheep milking is widespread throughout the Mediterranean, and is becoming more common in countries such as the UK, USA, Central America, South Africa, Australia and New Zealand. Good nutrition is a

critical factor in optimising dairy production from sheep.
