1.	Record Nr.	UNINA9910784249003321
	Titolo	Cooperative systems design [[electronic resource]] : seamless integration of artifacts and conversations--enhanced concepts of infrastructure for communication / / edited by Parina Hassanaly ... [et al.]
	Pubbl/distr/stampa	Netherlands, : IOS Press, 2006
	ISBN	6610428697 1-280-42869-4 9786610428694 1-4237-9749-3 1-60750-169-4 600-00-0381-1 1-60129-147-7
	Descrizione fisica	1 online resource (300 p.)
	Collana	Frontiers in artificial intelligence and applications ; ; v.137
	Classificazione	85.08
	Altri autori (Persone)	HassanalyParina
	Disciplina	006.3
	Soggetti	System design Computer networks
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Note generali	Description based upon print version of record.
	Nota di contenuto	Title page; From the Editors; Conference Committee; Program Committee; Contents; Invited Speaker; Collaboration: Bad Words and Strong Documents; Papers; Beyond Electronic Patient's File: Assisting Conversations in a Healthcare Network; On a Mission Without a Home Base: Conceptualizing Nomadicity in Student Group Work; Annotations: A Functionality to Support Cooperation, Coordination and Awareness in the Electronic Medical Record; Pair Programming and the Re-Appropriation of Individual Tools for Collaborative Software Development; Memetic: An Infrastructure for Meeting Memory Cooperation and Ubiquitous Computing: An Architecture Towards Their Integration Torres, a Conceptual Framework for Articulation Work Across Boundaries; Multimodality and Parallelism in Design Interaction: Co-Designers' Alignment and Coalitions; Editable Chat Logs: A Concept for Seamless Integration of Chat Conversations and Documents in

Sommario/riassunto	Cooperative systems design requires a deep understanding of the cooperative work of groups and organizations. The papers included in this book draw from an empirical background including studies in healthcare, homecare, software-development, architectural design, marine insurance industry and learning in university settings.
