Disciplina	307/.0973 720
Soggetti	City planning Architectural design Architecture - Decision making Project management
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"Previously published as separate volumes by Eburon Press, Delft: Open design, a collaborative approach to architecture, 2000; Open design & construct management, managing complex building projects through synthesis of stakeholders' interests, 2001"--Prelim. p.
Nota di bibliografia	Includes bibliographical references (p. 377-381) and index.

Nota di contenuto

Title page; Foreword; Preface to the collected edition; Contents; Open Design, a Collaborative Approach to Architecture; Open Design and Construct Management. Managing Complex Construction Projects through Synthesis of Stakeholders' Interests; Open Design, Cases and Exercises; List of Figures; List of Tables; Bibliography; Index; About the Authors

Sommario/riassunto

Open Design refers to a stakeholder-oriented approach in Architecture, Urban Planning, and Project Management, as developed by the Chair of Computer Aided Design and Planning of Delft University of Technology. This edition collects the following three volumes on Open Design: 1) Open Design, a Collaborative Approach to Architecture, offering concepts and methods to combine technical and social optimization into one integrated design process; 2) Open Design and Construct Management, Managing Complex Construction Projects through Synthesis of Stakeholder Interests, offering a new approach to mana
