Sommario/riassunto	This influential book provides an innovative framework for understanding and treating intimate partner violence. Integrating a variety of theoretical and empirical perspectives, Donald G. Dutton demonstrates that male abusiveness is more than just a learned pattern of behavior--it is the outgrowth of a particular personality configuration. He illuminates the development of the abusive personality from early childhood to adulthood and presents an evidence-based treatment approach designed to meet this population's unique needs. The second edition features two new c
