

1. Record Nr.	UNINA9910784382303321
Titolo	Raptor biomedicine // Patrick T. Redig [et al.], editors ; Trudi Hahn, technical editor
Pubbl/distr/stampa	Minneapolis : , : University of Minnesota Press, , 1993
ISBN	0-8166-8492-8
Descrizione fisica	1 online resource (284 pages) : illustrations
Altri autori (Persone)	RedigPatrick Thomas HahnTrudi
Disciplina	639.9/78
Soggetti	Birds of prey - Diseases
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. Introduction -- pt. 2. Pathology and microbiology -- pt. 3. Surgery and anesthesia -- pt. 4. Medicine and therapeutics -- pt. 5. Environmental toxicity.
Sommario/riassunto	This state-of-the-art contribution to the field of raptor medicine and biology is an essential resource to all those associated with the care and conservation of raptors. Falconers and managers of captive birds will gain useful information that will promote the understanding and practice of preventive medicine, and field biologists, veterinarians, and rehabilitators will acquire new perspectives on disease and environmental factors that determine the survival of casualty birds and influence of population dynamics of wild raptors.
