   Nota di contenuto   Introduction / Robert E. Litan -- Measuring financial access / Anjali
                       Kumar, Mukta Joshi, Loraine Ronchi, and Konstantinos Tzioumis -- Why
                       does access matter? Impact on growth and poverty / Xavier Gine --
                       Microfinance institutions and financial access: the double bottom line /
                       Stephen Peachey -- Commercial banks and financial access / Ajai Nair
                       and J. D. von Pischke -- Financial infrastructure and financial access /
                       David Porteous -- Government policies to expand financial access /
                       Michael S. Barr -- Conclusion / Michael S. Barr and Anjali Kumar.

   Sommario/riassunto "Addresses the challenges of making financial systems more inclusive,
                       emulating successful ventures in new markets, and utilizing
                       technologies and government policies to support the expansion of

financial access. Examines many dimensions of financial access, including measuring financial access, understanding the impact of expanded access, and examining alternative institutional models"--Provided by publisher.
