Making Regions: Central Europe; 6. Making Nations: Russia; 7. Making Nations: Bashkortostan; 8. Conclusion: Self and Other after the Death of the Sovereign Subject; Notes; References; Index
Sommario/riassunto	The field of international relations has recently witnessed a tremendous growth of interest in the theme of identity and its formation, construction, and deconstruction. In Uses of the Other, Iver B. Neumann demonstrates how thinking about identity in terms of the self and other may prove highly useful in the study of world politics.
