Not ! -- Your doctor's tainted information -- Our obliging professional organizations -- Can you trust your doctor? -- Can we trust our researchers? -- How did it happen? -- What can be done?
Sommario/riassunto	On the Take offers an unsettling look at the pervasive payoffs that physicians take from big drug companies and other medical suppliers, arguing that the billion-dollar onslaught of industry money has deflected many physicians' moral compasses and directly impacted the everyday care we receive from the doctors and trusted institutions.
