| Sommario/riassunto      | Offending behaviour in young people is a problem not only for affected neighbours and communities; it is also a serious problem for the young people involved. Behaviour problems and involvement in criminal  |

activities have been linked to continued offending, substance misuse, lack of education and work - all factors that are linked, in turn, with shorter life expectancy. This book reviews the literature on a number of techniques and treatment approaches designed for use with adolescent conduct disorder and young offenders. The authors also provide an overview of the condition including its deve
