Sommario/riassunto	Firms are at the very heart of modern day life. This book addresses some of the gaps in the current state of the theory of the firm from an economic geography perspective: issues around the boundaries of the firm; the collective agency of the firm; the political firm, financial markets, and the state; and the firm in place. - ;Firms are at the very heart of modern day life. They come in a seemingly infinite variety - from transnationals to small firm, from corporations to branch plants, to subsidiaries and joint ventures, from subcontractors to franchisees, from sole proprietorships to partner
