Sommario/riassunto	'This is a moving true story of how people can find the inner strength to rise above it when their world is turned upside down.'. - Richard Branson. Huntington's Disease (HD) is a hereditary illness passed on via a defective gene. There is a fifty per cent chance of inheriting it from a parent and there is yet no cure. Learning to Live with Huntington's Disease is one family's poignant story of coping with the symptoms, the diagnosis and the effects of HD. This book presents the struggles and strengths of the whole family when one member loses their future to a terminal illness. Told by the su
