

1. Record Nr.	UNINA9910784842703321
Autore	Southgate Douglas DeWitt <1952->
Titolo	Tropical forest conservation : an economic assessment of the alternatives in Latin America / / Douglas Southgate
Pubbl/distr/stampa	New York : , : Oxford University Press, , 1998
ISBN	0-19-770227-9 1-280-52918-0 9786610529186 0-19-535506-7 1-4294-0438-8
Descrizione fisica	1 online resource (190 pages) : illustrations, maps
Disciplina	333.75/16/0980913
Soggetti	Rain forest conservation - Latin America Deforestation - Control - Latin America Forest ecology - Latin America Non-timber forest products - Latin America Sustainable forestry - Latin America Habitat conservation - Latin America Ecotourism - Latin America
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 153-165) and index.
Nota di contenuto	Contents; Introduction: Responding to the Challenge of Habitat Destruction in Latin America; 1. Deforestation in the American Tropics: The Regional and Global Stakes; 2. The Causes of Excessive Habitat Destruction; 3. Putting an End to Ecosystem Depletion; Part II: The Economic Returns of Environmentally Sound Harvesting of Forest Products and of Nature-based Tourism; 4. Harvesting of Nontimber Products; 5. Environmentally Sound Timber Production; 6. Genetic Prospecting; 7. Nature-Based Tourism; 8. Another Approach to Habitat Conservation: Agricultural Intensification; 9. Paying for Habitat Conservation and Investing in Human and Social Capital Abbreviations; References; Index
Sommario/riassunto	National parks, like those found in wealthy nations, have proven

difficult to establish in Africa, Asia, and South and Central America, where inhabitants are resistant to change. This text explores the alternative of integrated conservation and development projects (ICDPs) and related initiatives.
