

1. Record Nr.	UNINA9910784871903321
Titolo	Doing research with refugees : issues and guidelines // edited by Bogusia Temple and Rhett Moran [[electronic resource]]
Pubbl/distr/stampa	Bristol, UK : , : Policy Press, , 2006
ISBN	1-4473-0213-3 1-281-15958-1 9786611159580 1-84742-150-4
Descrizione fisica	1 online resource (xiv, 215 pages) : digital, PDF file(s)
Disciplina	362.87072
Soggetti	Refugees - Social conditions - Research Refugees - Services for - Research
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 18 Jan 2022).
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Seven. Complexity and community empowerment in regeneration, 2002-04 -- Eight. Refugee voices as evidence in policy and practice -- Nine. Challenging barriers to participation in qualitative research: involving disabled refugees -- Ten. Why religion matters -- Eleven. Action learning: a research approach that helped me to rediscover my integrity -- Appendix: Guidelines funded through the Economic and Social Research Council Seminar Series 'Eliciting the views of refugee people seeking asylum' One. Introduction -- Two. Refugees as researchers: experiences from the project 'Bridges and fences: paths to refugee integration in the Eu' -- Three. Limited exchanges: approaches to involving people who do not speak English in research and service development -- Four. Breaking the silence: participatory research processes about health with Somali refugee people seeking asylum -- Five. Home/lessness as an indicator of integration: interviewing refugees about the meaning of home and accommodation -- Six. The community leader, the politician and the policeman: a personal perspective.
Sommario/riassunto	This book is the first specifically to explore methodological issues relating to the involvement of refugees in both service evaluation and

development and research. It builds on a two-year seminar series funded by the ESRC where the participants jointly drew up a set of good practice guidelines that are re-produced in the book for the first time.
