Sommario/riassunto

The process of globalization has meant the intensification of global interdependencies and the consolidation of the global as a social horizon, and this has provided fertile breeding grounds for new organizations and the elaboration of extinct ones, This book describes and analyzes these organizations, and the modern managerialism that has accompanied them, looking at such issues as management education, corporate governance, accounting, and human resource management. - ;The process of globalization has meant the intensification of global interdependencies and the consolidation of the global a
