Articulations of the personal and political on Mumsnet.com; 4. Digitising and visualising: old media, new media and the pursuit of emerging urban publics; 5. Mediating publics in colonial Delhi; 6. Public and private on the housing estate: small community groups, activism and local officials; 7. Whose education? Disentangling publics, persons and citizens 8. Fishing for the public interest: making and representing publics in North Sea fisheries governance reforms 9. De-naming the beast: the Global Call to Action against Poverty and its multiple forms of publicness; 10. Paradoxical publicness: becoming imperceptible with the Brazilian lesbian, gay, bisexual and transgender movement; 11. Conclusion: emergent publics; Index
Sommario/riassunto	This book rethinks the public, public communication and public action in a globalising world. It looks at how publics are brought into being and how to develop research agendas into their formation, offering a rich set of methodological resources and stressing the need to examine

the boundaries between theory, research and politics.
