Sommario/riassunto

Developments in Social Work with Offenders explains the organisational and legislative changes that have occurred in social work and probation across the UK in the past 10 years, in the context of the accumulating body of knowledge about what constitutes effective practice in the assessment, supervision and management of offenders in the community. Three different aspects of working with offenders are covered: developments in policy; assessment, supervision and intervention; and issues and needs. Contributions from experts in the field discuss issues such as community 'punishment', case manage
