Pearce -- In need of protection? : young refugees and risk / Rosemary Sales -- Alcohol : protecting the young, protecting society / Betsy Thom -- Prevention of youth crimes : a risky business? / David Porteous.
Sommario/riassunto	This book provides a critical analysis of ways in which risk assessment and management are defined and applied in policy, theory and practice

in relation to children and young people. It explores the complexities of balancing responsibility for protecting the young with the benefits of risk-taking and the need to allow experimentation.
