	Sommario/riassunto	Corpus Linguistics in Literary Analysis provides a theoretical introduction to corpus stylistics and also demonstrates its application by presenting corpus stylistic analyses of literary texts and corpora. . The first part of the book addresses theoretical issues such as the relationship between subjectivity and objectivity in corpus linguistic analyses, criteria for the evaluation of results from corpus linguistic analyses and also discusses units of meaning in language. The second part of the book takes this theory and applies it to Northanger Abbey by Jane Austen and to two corpora
