Nota di bibliografia Includes bibliographical references and indexes. Nota di contenuto Book Cover; Title; Copyright; Contents; Foreword to the first edition; Foreword to the second edition; Foreword to the third edition; Foreword to the fourth edition; Prologue; Part I: Psychodynamic principles; Part II: Psychodynamic practice; Appendix; References; Name index; Subject index This fourth edition of Introduction to Psychotherapy builds on the Sommario/riassunto success of the previous three editions and remains an essential purchase for trainee psychotherapists, psychiatrists and other professionals. It has been revised and extended to capture some of the current themes, controversies and issues relevant to psychotherapy as it is practised today. Bateman has added new chapters on attachment theory and personality disorder and has developed further the research sections on selection and outcome. His new chapter on further

therapies covers a variety of therapeutic mov
