Sommario/riassunto

The Delivery of Human Rights reflects on two overlapping issues in international human rights law: how can existing norms be better implemented and effected, and how can other branches of international law or other international actors be used so as to provide an improved delivery of those norms. Rather than simply looking at the content of the rights, this book will also explore how the framers' intention that individuals benefit from the norms can be achieved. The book is written and published in honour of Professor Sir Nigel Rodley KBE. It celebrates his career as an acade
