Sommario/riassunto	A Dan Josselyn Memorial Publication This comprehensive compilation of Moore's archaeological reports on northwest Florida and southern Alabama and Georgia presents the earliest documented investigations of this region. When Clarence Bloomfield Moore cruised the rivers of Florida in search of prehistoric artifacts a century ago, he laid the

groundwork for archaeological investigations to follow. This volume reflects Moore's fieldwork along the northwest Florida coast, the most archaeologically rich area of the state, as well as Southern Alabama and Georgia. He
