Chapter 8 Towards progressive decriminalizationEndnotes; Bibliography; Index
Sommario/riassunto	Drugs, Crime and Public Health provides an accessible but critical discussion of recent policy on illicit drugs. Using a comparative approach - centred on the UK, but with insights and complementary data gathered from the USA and other countries - it discusses theoretical perspectives and provides new empirical evidence which challenges prevalent ways of thinking about illicit drugs. It argues that

problematic drug use can only be understood in the social context in which it takes place, a context which it shares with other problems of crime and public health. The book demonstrates
