Sommario/riassunto	This series is intended to attract a new generation of readers to some of the greatest narrative history ever written. Each volume will include substantial extracts from a major work of history, prefaced by a major new introduction by a modern authority. Attractively designed, the series will hope to demonstrate the extraordinary tradition that exists of great history writing in the English language. The books are directed to a general as well as a student readership. Eamon Duffy has restored the late medieval period as a subject of serious research through his revolutionary book <i>The Stripping</i>
