Sommario/riassunto	Herbert McCabe was one of the most original and creative theologians of recent years. Continuum has published numerous volumes of unpublished typescripts left behind by him following his untimely death in 2001. This book is the sixth to appear. McCabe was deeply immersed in the philosophical theology of St Thomas Aquinas and was responsible in part for the notable revival of interest in the thought of Aquinas in our time. Here he tackles the problem of evil by focusing and commenting on what Aquinas said about it. What should we mean by words such as 'good', 'bad', 'being', 'cause', 'creation'
