Psychoanalysis as a passion play
Sommario/riassunto	'Until now no book has ever attempted to compare and contrast contributions on analytic field theory and at the same time to explore its clinical and technical implications. This volume is intended for the first time to link together many of these writings and to provide an

initial wide-ranging survey of the subject - for it is our contention that a theory of the field in various of its loci can also be inhabited by different theories. A particular aim of this book is to present not only theoretical discussions of field theory, but also contributions on clinical work and technique. For this re
