Sommario/riassunto	China's role in global affairs today continues to rise. This book provides an authoritative, comprehensive and detailed overview of contemporary economic developments in China. Key topics include?agriculture; the market gradually replacing central planning; the global financial crisis; the reform of state-owned industrial enterprises; the non-state sectors; the 'open-door' policy (including the WTO, exchange rate policy, and inward and outward direct foreign investment); and China's economic performance in general.? The book continues - and adds to - the overview of developments up t
