Sommario/riassunto	"The first book-length study of contemporary British Jewry , Turbulent Times: The British Jewish Community Today examines the changing nature of the British Jewish community and its leadership since 1990. Keith Kahn-Harris and Ben Gidley contend that there has been a shift within Jewish communal discourse from a strategy of security, which emphasized Anglo-Jewry's secure British belonging and citizenship, to a strategy of insecurity, which emphasizes the dangers and threats Jews face individually and communally. This shift is part of a process of renewal in the community that has led to something of a 'Jewish renaissance' in Britain. Addressing key questions on the transitions in

the history of Anglo-Jewish community and leadership, and tackling the concept of the 'new antisemitism', this important and timely study addresses the question: how has UK Jewry adapted from a shift from monoculturalism to multiculturalism? "--Bloomsbury Publishing.
