Communicative Ethics and Deliberative Democracy; Chapter 16. Conclusions: Provisional Answers to Inescapable Questions; Bibliography; Index; About the Author
Sommario/riassunto	Mead and Modernity is one of the most detailed and ambitiously conceived studies of G. H. Mead's work to appear in years. Filipe Carreira da Silva addresses the basic questions 'How should we read

Mead?' and 'Why should we read Mead today?' by showing that the history of ideas and theory-building are closely related endeavors. Mead and Modernity is a methodological innovation with sweeping theoretical implications.
