Table of the Evolution of Inefficiencies; Appendix 2. Bringing America's Auto Industry Back to Life; Index
Sommario/riassunto	An insider exposes the strategic decisions that have caused the foundation of America's industrial sector to crumble, then lays out a plan for its restoration. The author led GM Chairman John Smale's Scenario Planning Staff in the mid-1990's and Roger Smith's development of a Saturn expansion proposal in the late-1980's after a career in GM plant operations designing and managing manufacturing systems.
