The German Debate on Leitkultur and the Promise of Cultural Studies; 13 A Gemutlich Segregation: Multiculturalism and the Iceman's Curse in Italy; Index
Sommario/riassunto	The management of ethnic diversity has become a topical and often

controversial subject in recent times, with much debate surrounding multiculturalism as a systematic and comprehensive response for dealing with ethnic diversity. This book engages with these debates, examining the tangible outcomes of multiculturalism as a policy and philosophy in a range of traditional and 'newer' multi-ethnic nations.
