| Sommario/riassunto | Education is the platform for our success or failure, but is our system still fit for purpose? Will our children be equipped to face the challenges the future holds: the rapidly changing employment patterns and the global environmental, economic and social crises ahead of us? Or will our children grow up to resent their school years and blame them for their unfulfilled potential and achievement?. Creating Tomorrow's Schools Today explores these questions in the context of early schooling and primary education, presents powerful arguments for change and highlights strategies that offer a soluti |
