About the Author

Sommario/riassunto

This compelling book, now in a revised and expanded anniversary edition, provides a vivid first-hand account of the student demonstrations and violent crackdown in Tiananmen Square in 1989. Uniquely placed as a Western observer drawn into active participation through Chinese friends in the uprising, Philip J Cunningham offers a remarkable day-by-day account of Beijing students desperately trying to secure the most coveted political real estate in China in the face of ever-more daunting government countermoves. He brings t

Sommario/riassunto	An examination of the complex international system of the twenty-first century from a variety of perspectives. Proceeding from critical theoretical perspectives and incorporating case studies, the chapters focus on broad trends as well as micro-realities of a Post-Westphalian international system. The volume demonstrates that re-thinking fundamental assumptions as well as theoretical and methodological

premises is central to understanding the dynamics of interdependence.
